

BizM00C at 7th University Business Forum

On 6-7 April will contribute to the 7th University Business Forum in Brussels.

Organised by the European Commission, the seventh edition of the University Business Forum will bring together around 400 representatives from higher education institutions; large companies; SME's, relevant European organisations and associations; as well as national, regional and local authorities from Europe and beyond.

The BizM00C project will highlight our results so far including the M00CB00K recently launched.
