

The 2018 OpenupEd Trend Report on MOOCs presents the latest innovations and developments in MOOCs from a European perspective. MOOCs, and open education in general, are providing new learning opportunities for millions of people. Investments in and the uptake of MOOCs are more and more significant worldwide. The article “Corporate MOOC Trends” is built on various BizMOOC findings and outcomes – check it out here: http://www.openuped.eu/images/Publications/The_2018_OpenupEd_trend_report_on_MOOCs.pdf
