# Pilot MOOCs

## Pilot MOOCs

The BizMOOC project piloted **3 Massive Open Online Courses** (MOOC) dedicated to relevant business topics and lifelong learning key competences. The courses are free and open for everyone, offered on different platforms and have been produced in interdisciplinary teams between universities and businesses.

Check out the table below for further information:

**Here is a selection of feedback quotes collected from learners in the MOOCs:**

"*It was comfortable for me, because I chose time to learn*

*myself."*

*"Just to let you know: good course, giving impulses for further reading."*

*"Great course! I want to improve my professional and personal skills!"*

*"For myself it was amazing to learn about intrapreneurship. I really wasn't aware of this topic. It was super interesting to combine so many methods with this topic and read about the experiences from the other participants."*

*"I talked about the MOOC a lot because I learned so much. And I always took my scribbled notes with me and tried to use some methods in my work."*

*"I loved it! And I loved my badges and percentages of what I've already achieved. I loved the people who made it till the full track. They were present in all communication and collaboration channels and it was fun to „talk" to them."*
