

BizM00C at the EM00CS2016 conference at the University of Graz, 22-24/2/16

The “BizM00C” Project have been presented during the Panel session “European Support Services for developing M00Cs” at the EM00Cs2016 conference at the University of Graz, 22-24/2/16. BizM00C consortium members Christian Friedl from FH JOANNEUM and Darco Jansen from EADTU have been invited to the Podium chaired by Prof. António Moreira Teixeira, U Aberta, Portugal discussing the following Topics:

- *Assisting HEIs in developing a strategy in M00Cs [1-2' for each project + 3-4' for Q&A]*
- *Open M00C platforms (How to select-develop them; services in the cloud for M00C platforms*
- *Implementing – developing pedagogical model for M00C*
- *Support teachers (M00C teams in HEI) in M00C design and implementation*
- *Learning analytics services*
- *Automatic transcript and translation services*
- *Evaluation (of participants) and research*
- *Credits and Quality models*

Panels & discussions

Panel Session 3

"European support services for developing MOOCs"

Several European projects are developing services that support teachers in designing and developing MOOCs. This goes beyond offering (open) MOOC platforms. Examples are schemes of how to develop MOOCs at low cost, pedagogical models, translation services, training to develop MOOC, business models for institutions. Several services already available will be highlighted, also in relation to sustainability after the project lifetime.

Moderator: António Moreira Teixeira, U. Aberta, Portugal

- Sally Reynolds, ATIT, Belgium (EMMA)
- Divina Frau-Moises, U. Paris 3-Sorbonne, France (ECO)
- Derco Jansen, EADTU, The Netherlands (HOME)
- Brian Mulligan, IT Sligo, Ireland (LeCoMoTion)
- Marco Katz, OUNL, The Netherlands (OpenEdu)
- Rocael Hernández, U. Galileo, Guatemala (MOOC-Maker)
- Christian Friedl, FH Joanneum, Austria (BizMOOC)

Tuesday, 23/02/2016, 11.00 – 12.30, Auditorium
