

BizM00C going to Learning With M00Cs 2018 in Madrid

Exciting News! Our paper *“Flexible, self-directed and bottom-up: Are employees overtaking their Human Resource departments with M00Cs?”* based on BizM00C research outcomes has been accepted at *Learning with M00Cs 2018* taking place between 26th and 28th of September in Madrid! Three BizM00C partners (FH Joanneum, HPI & EADTU) will be there to present and discuss our project findings – see you there as well?
