

Learning Design Workshop. How to produce a MOOC?

The video “How to produce a MOOC” was recorded during the BizMOOC meeting at The Open University UK in Cardiff. It is one of the next project deliverables.

The slides are an adapted version from a presentation called “Beyond the Blend” by Lisette Toetenel (The Open University, UK) and Charles Jennings (The Internet Time Alliance & Duntroon) which was delivered on 11 May 2016 at the CIPD show in London, UK.

The workshop was led by Ruth McFarlane (Technology Enhanced Learning Designer, The Open University (UK))
