

Needs and gaps to MOOCs

Needs and gaps to MOOCs

This chapter presents the needs and gaps analysis carried out in the course of the BizMOOC project. Three comprehensive reports summarize the outcomes of 106 qualitative interviews with European organisations and Higher Education Institutions and 1.193 survey responses from society/learners.

Reports are prepared for each target groups of the MOOC BOOK:

1. Identification of opportunities of MOOCs for the business community (organisations) [»](#)
2. Identification of needs and gaps for the application of MOOCs by Higher Education Institutions [»](#)
3. Society survey on MOOCs [»](#)
